REMARKS -The market closes with a slightly improved feeling. In Flour the transactions have been very limited, confined principally to the city trade. In Wheat there has been some improvement; offerings to-day of 232 bushels white, and 1040 red, with sales of the former at 190, 210 and 240, and red at 175, 210, 215, 225, 237, 240 and 250. Corn steady, with offerings of 1117 bushels; white and mixed at 125, 126 and 127, the last named figures for small lots prime. Oats have remained steady, and prices firm ; sales of 678 bushels at 65, 66, 67 and 68. Rye quiet, with light receipts, and sales at 140. In Fish we have no change to note. Salt is steady but unchanged. Wool quiet with light transactions; sales of common unwashed at 32. Butter very active and prices for prime stiff. Bacon steady. Corn Meal is in fair request .-Irish Potatoes in fair supply and demand. Receipts of Sumac fair. Eggs in fair request, with sales at 24c. Lard firm. Green Apples have declined, and \$4 are now the outside quotations. Onions in fair demand.

BALTIMORE MARKET, October 9 .- Butter .-Glades have been coming in quite freely, though there is a falling off in the receipts the past day or two. The demand is also less active, on account of mild weather, and prices barely maintained. We report for the week sales of 800 to 000 packages at 40a45c, as to quality, for best dairies, and 30a35 for common do. Some Western solid packed has been received, but quality poor, and mostly sold at 32a34c. We quote choice Western Reserve scarce and worth 36a 38c, and possibly 40c; a few bbls Western Roll arrived and sold at 42a45c. Franklin street receipts, mostly composed of Roll, and increasing,

selling at 40a45c as to quality.

Wool is in good request and firm in price, with light supplies. Quote Burry unwashed at 26 to 28c; common unwashed at 34 to 36; fine do. at 30a32c; tub do. at 50 to 53c; common to medium fleece at 44 to 46c; fine do. at 43 to 45c; pulled at 30 to 37c per pound.
Whiskey has ruled lower under better supply. We note sales of 250 bbls City and Western at 1 35a\$1 38, mostly at inside prices.

BALTIMORE CATTLE MARKET, October 8th.
Beef Cattle—Prices to-day ranged as follows:—
Old Cows and Scalawags at 3 50a\$4; ordinary
thin Steers, Oxen and Cows 4a\$5; fair to good Stock Cattle 5a\$5 50; Feeders 5 75a\$6 25; fair quality Beeves 6a\$7; and the very best Beeves 7a\$8 per 100 lbs, the average price being about \$5 50 gross. The market closed moderately active, good Beeves selling at about the rates of last week, while common and inferior grades were about 25 to 50c per 100 lbs lower. Sheep-With an increased supply during

the past week, the market has shown less firmthe past week, the market has shown less firmness. Prices to-day ranged as follows: Good Sheep at 4a5tc per lb gross. Stock Sheep 2a\$3 per head. Lambs at 2a\$4 per head.

Hogs—The supply of Hogs during the past week has increased, and though there is a fair demand rates have declined fully 50c per 100 lbs. Prices to day ranged as follows: Common to good live Hegs 10 50a\$14 per 100 lbs net.

GEORGETOWN MARKET.—There was a very lively time on 'Change yesterday morning, and prices ruled high, the Grain market being much better than for some days past. We quote:— Offerings—2,400 bushels red Wheat; 1600 bushels yellow Corn. Sales: Wheat, 500 bushels at 215; 90 bushels at 235; 1900 bushels at 240; 1000 bushels at 250, and 600 bushels at 255. Corn,

1600 bushels yellow at 120. The tone of the market for foreign exchange at New York is weak, although rates are nominally unchanged. The usual purchasers of exchange find it more profitable to loan their gold (which now commands as high as \frac{1}{5} of 1 per ct. per day) than to purchase foreign bills. There have been no shipments of specie to Europe

The Treasury, it is now conceded, was a secret seller of \$2,300,000 of gold in the eight days running from the 22d to the 30th ult. It was, during the time, semi officially denied, but denial is now given over, and justification of the

act is pleaded. COAL TRADE.—During the past week 16,974 tons of Coal were sent from Cumberland, Md., over the Chesapeake and Ohio Canal.

MERINO UNDER-WEAR.

Ladies' and Gents', Misses' and Boys' Meri-No Under-wear.—Just received from New York a large lot of IMPORTED GOODS of the above description, comprising all grades of quality, which I can recommend as choice and cheap.

CHAS. W. GREEN. CHEAP! CHEAP! CHEAP! I have on hand a few sample Carriages, which will be sold cheap. Parties wishing to secure a

bargain should call at once. CHAS. W. GREEN, 68, King street. LOCAL ITEMS.

with much satisfaction the progress of the Manassas branch of the Orange, Alexandria and Manassas railroad. This railroad was before the war an independent railroad extending from its since famous Manassas junction with the Orange and Alexandria railroad, to Stras burg, Shenandoah county, a county adjoining Frederick county, in which, at Winchester, the railroad from Harper's Ferry (worked by and in connection with the Baltimore and Ohio road) terminates, a short extension of which would unite it with the Manassas. Since then the road has become a branch of the Orange and Alexandria railroad, a road which unites Alexandria and Lynchburg and connects with the Virginia and Tennessee road, and through it with the whole network of Southwestern railroads. The Manassas branch of the Orange and Alexandria railroad pursues a course somewhat northwestwardly from Manassas Junction; crossing the Blue Ridge at Manassas Gap, and traversing Warren county, and a portion of Shenandoah, it makes a turn almost at right angles near Strasburg, and thence proceeds southwestwardly almost through the centre of the famous Virginia Valley. The cars on this road are now running to Mount Jackson, in Shenandoah county, and the road is expected to reach Harrisonburg, the county seat of Rockingham county, by the first of December .-This place is twenty-five miles northeast of the flourishing town of Staunton, the county-seat of Augusta. The vailey region penetrated by this improvement is one of the most fertile in this country. The farming in it has always been economical and judicious. It was largely settled at an early period of our history by Germans from Pennsylvania, and by Scotch-Irish, both industrious and thrifty races. The opening of the road to Harrisonburg is to be appropriately celebrated by the people of that place, who have also extended an invitation to citizens of Alexandria to participate in the festivities of the day. The Alexandria Gazette anticipates great commercial advantages from throwing the bulk of the trade of so fertile and favored a city which has naturally a very fine harbor, the river opposite to the town being nearly a mile in breadth, with a good depth in the ship-channel, which washes the shore.—Balt. Sun.

GERMAN LUTHERAN CHURCH.—An adjourned meeting of the German members of the Lutheran Church of this place, was held last night at German Hall, corner King and Columbus streets, to complete the organization of the Church, Mr. Wm. Metzger in the chair, and Mr. Adolph Diedel secretary. Rev. Dr. Brandt opened the meeting with prayer.

The committee on the preparation of a constitution, Dr. Brandt chairman, reported a constitution and bye-laws for the government of the First Luthern Church of Alexannria, which was unanimously adopted.

The meeting then proceeded to elect a Church Council, when the following named gentlemen were chosen: President, Wm. Metzger; Vice President, John Eisler; Secretary, Adolph Diedel; Treasurer, Fred. Recker; Church Council, Messrs. Albrand, Bauer, and Pipen-

On motion of Dr. Brandt it was agreed that these gentlemen should remain in office until January, 1870.

The following standing committees were then appointed: Finance Committee, Messrs. Eisler, Bauer and Pipenbring; School Committee, Messrs. Metger, Eisler and Albrand.

After this the meeting adjourned at a late

ALEXANDRIA LITERARY ASSOCIATION, -- At a meeting of some of the young gentlemen of this city last night, in the room over Hall's Daguerian Gallery, on King street, for the purpose of organizing a literary society, Cornelius Cox was called to the chair and J. Earnest Simpson appointed Secretary. A committee, consisting of K. Kemper, Chapman Neale, L. Mushback and Dr. W. H. Roberts, reported a constitution and set of bye-laws. for the government of the society, which was designated the Alexandria Literary Association. At an election held for officers, the following named gentlemen were unanimously selected. K. Kemper, president; Wm. F. Carne, vice-president; Cornelius Cox, secretary; and Michael Ahern, treasurer. Finance committee -Messrs. A. J. Wedderburn, Dr. Roberts and L. Mushback.

It was determined to hold weekly meetings, and to discuss a question at each meeting. The question, who had the better tittle to the throne of England, Elizabeth or Mary Queen of Scots? was selected for next Thursday evening, and Messrs. W. F. Carne, Cornelius Cox, A. J. Wedderburn and G. Mushback appointed to discuss it. The meetings in future will be held in the same hall as that used last night, and the public are invited to attend them.

THE AQUEDUCT BRIDGE.—We have heard it whispered that the project for a bridge across the aqueduct had falled, owing to the unwillingness of the Alexandria Canal, Railroad, and Bridge Company to ratify the proposition of their president and secretary, pledging Government bonds as collateral security for the payment of the \$25,000 they proposed to borrow from the corporation of Georgetown. We also have it from the same reliable source that the Bridge Company will proceed at once with the construction of the bridge, provided the corporation will agree to a proposition, which, in substance, is rather more favorable to Georgetown than any former proposition. The corporation agreed to lend the sum of \$25,000 for three years, without interest, which, allowing that the interest is payable quarterly, would be equivalent to a gift to the company of \$5,000. The Bridge Company now propose, if the corporation will agree to give them a bonus of \$5,000, to begin the construction of the bridge at once, the money to be paid over when the Steamer Columbia, Harper, hence at Balti- bridge shall be ready for travel. They are confident of being able to have it prepared for crossing by the first of January. This arrange ment will require no security, and in case the bridge is not completed within a reasonable Schr. Abbott Lawrence, Jackson, Portland period, will cost the corporation nothing. It is expected that the above named proposition will be formally submitted to the Georgetown Councils this evening .- Nat. Repub.

> POLICE REPORT-MAYOR'S OFFICE.-Ida Coleman, for disorderly conduct last night on King street, and for using improper language, was committed to the work house for 20 days. Alice Veneer, for disorderly conduct, and for using improper language on King street, last night, was fined and discharged.

> Tonsey Arrington, on complaint of Augustus Lumpkin, colored, for committing a nuisance, and acting in an indecent manner, was fined and discharged. Thomas Cawood, for disorderly conduct near

the gas house last night, was discharged upon the payment of costs. MAGISTRATES' OFFICE .- Frederick Loudoun, colored, for stealing a barrel of lime from Messrs. WELCH'S FAMILY, Columbia Mills, Extra and Janney's Extra Flour, for saleby tra and Janney's Extra Flour, for saleby BROOKES & TAYLOR, oct 2 106, Prince street.

A WAIF. - Information having reached Justice Daniel Lewis, of Fairfax county, that a col-THE VALLEY RAILROADS.—The papers in ored man, living in his neighborhood, named Alexandria and the Valley of Virginia announce John Dudley, had an unknown white infant in his possession, issued a warrant for his ar-

rest yesterday, and this morning, at an examination held at West End, the following facts were educed:

Dudley testified that on Tuesday night last he 6th inst., between 9 and 10 o'clock, while King and Prince, he heard a child crying, and on looking to see where the cries came from found a white female child, apparently just born, unwashed and naked, lying upon a cellar door; he observed three women hastily walking a vay from the spot before he came up .-Not knowing what to do with the child, he wrapped it up in his coat and took it home .-He had no knowledge of its parents, or of anything else connected with it.

Dudley's wife, who was also arrested and examined, corroborated her busband's statements The arrested parties were discharged, and are still taking care of the baby.

The infant is represented to be a beautifu child, and if any one is desirous of adopting it, Justice Lewis, as an overseer of the poor, wil issue an order for its possession.

PIONEER MILLS.-It was mentioned in the Gazette, a few days ago, that, provided a release or remittal of the ground rent and taxes of the Pioneer Flouring Mills could be effected it was probable that a transfer of that property would speedily be made, and operations there be soon recommenced. It is now understood that at the next meeting of the City Council, which will be held on the night of Tuesday, the 13th instant, a petition will be presented from Mr. W. H. Newman, of New York, the owner of the property, praying for a release of the rent of the ground on which the buildings are erected, and an abatement of the taxes. The petitioner, it is said, states that offers have been made for the purchase of the mills by parties. region into the shipping port of Alexandria, a | who, provided the petition is granted, will commence running them at an early day. The advantages to the city accruing from the labor and money used in the daily manufacture of eight hundred barrels of flour-the capacity of the mills-would seem sufficient to induce a favorable consideration of Mr. Newman's petition, and, if conditioned upon the continual operation of the mills, might warrant the exemption it asks.

> THE CASE OF CAPT. HANEY, which we men tioned yesterday, has excited much commiseration. The circumstances of his destitution could not have been known to any who were able to relieve him, or contribute to his comfort. Such cases should always be reported to the authorities, or to some of our citizens who have the means and the willingness to succor the distressed. There is no community more charitable, and prompt to the call of charity, than the people of Alexandria.

> LECTURE ON YUCATAN AND CENTRAL AMER-ICA.-Col. Proctor R. Smith, as heretofore mentioned in the Gazette will delivered a lecture this evening in the Assembly Rooms, for the benefit of the Alexandria Orphan Asylum on Yucatan, Chiapas and Central America. -The lecture, it is stated, is replete with startling facts and instructing and amusing incident.

THE ISRAELITES' HOLYDAYS .- With to-day closes the Mosaical Autumnal Holydays, it being the eighth day of the Solemn Assembly by two of the New York papers, and the Washobserved as a Sabbath of rest and devotion by | ington Chronicle, that Chief Justice Chase had the Israelites. The last day of the eight is particularly observed as a happy festival, in accordance with a custom established hundreds of years ago in the Israelitish church.

POTOMAC GARDENS .- There was no ball at the Potomac Gardens last night, nor was it expected that one would be given. The prize dance will come off there next Monday night, if the weather proves favorable.

OMISSION.-In mentioning the acquittal of George W. Snyder by the county court of this county yesterday, we unintentionally omitted to state that Col. Charles E. Stuart was one of the defendant's counsel.

LONG BRIDGE. -The repairs now in progress to the Long Bridge are almost completed, and the superintendent of the work says that travel over it will be commenced next week.

THE WEATHER was quite cool this morning, and we learn that there was "a smart frost" in all this neighborhood last night.

THE CANAL, -The arrivals of boats to-day have been limited, owing, it is said, to the low stage of the water in the canal.

AUCTION SALES .- Attention is asked to the auction sales of real estate to take place in this city to-morrow.

COLLECTIONS .- Our collections from subscribers, in the upper portion of the city, will be made to-morrow, and we hope our friends will settle the small dues—as though small in amount to them, their aggregate is important in defraying our heavy expenses.

CLOTHING.—The change in the temperature of the atmosphere is suggestive of warmer clothing, of which Blondheim, on the corner of King and Fairfax streets, has a splendid assortment.

CITY ITEMS.

FATHER COME HOME. Father, dear father, come home home with me,

The clock in the steeple strikes one; You said you were coming right home from the shop, As soon as your day's work was done.

OLIVE OIL, genuine Italian Olive Oil, received and for sale by FRED. RECKER, King street, cor. St. Asaph. 1 TELEGRAPHIC NEWS.

SPECIAL DISPATCHES TO THE GAZETTE

The Condition of St. Domingo. NEW YORK, Oct. 9. -The French, Italian, Danish and Netherlandish consuls, at St. Domingo, in reply to a letter from the Dominican Secretary for Foreign affairs, published a letter, denouncing as false the various reports of the existence of an active rebellion in St. Domingo, passing along Columbus st., between King and | concluding with a declaration that the country enjoyed the most perfect tranquility until Sept. 4th, when a force appeared on the Western frontier which was defeated; its presence having in no way affected the public peace. Commercial transactions have been subject to no interruption, but on the contrary have largely increased.

Morrible Occurrance.

Boston, Oct. 9.—George L. Richardson, of the firm of Richardson, &c., of this city, residing at Longwood, arose from his bed at one o'clock this morning, while laboring under a temporary fit of insanity and deliberately cut the throats of two of his children. The eldest of the children, a boy of thirteen years, is dead, but the other may recover. Richardson fled from the house and has not yet been found, and fears are entertained that he may have committed suicide. Richardson was a gentleman highly esteemed for his excellent character. The affair has caused a profound feeling of

The Camilla Riot.

Washington, Oct. 9.-The report of Gen. Meade, covering the report of Capt. Hill, the officer in command, of the recent riot at Camilla, Ga., has been examined by the President, and has been made public. It contains nothing startling, and very little that has not already been published. It admits that the negroes were armed, but denies that they were provisioned. The officer who makes the report states that the citizens express themselves anxious for a full investigation into the whole affair.

Fire-Pacific Railroad.

ST. Louis, Oct, 9 .- A fire at Cheyenne, last Wednesday, entirely destroyed a block of frame stores on 16th street, and several buildings on Ferguson street. Loss not stated. Property not

The Union Pacific Railroad is forwarding ninety car loads of construction material daily to the end of the track. A large number of snow plows have been placed at convenient dis tances in the mountains for ready use.

Large Democratic Meeting.

BEDFORD, PA., Oct. 9.—An immense Democratic meeting was held here yesterday. The procession, in which were one hundred and fifty crowded wagons and carriages, and a number of mounted men, encircled the entire town. It was the largest meeting ever held in Bedford. Gov. Swann of Md., and Gen. Richard Coulter of Westmoreland county, addressed the multitude and the greatest enthusiasm prevailed.

The Pennsylvania Election. WASHINGTON, Oct. 9.—Information from Pennsylvania states that the political canvass in that State is most exciting, and both sides

claim to be able to carry the day at the approaching election. The Democratic canvassers claim the State by 15,000 majority, while the Radicals as confidently claim that they will have a majority of 10,000.

Contradiction.

Washington, Oct. 9.—The statement made expressed himself warmly in favor of Grant and Colfax, is, upon the authority of Mr. Chase himself, contradicted. Mr. Chase has authorized no one to speak for him, and the announcement was made for political effect.

Vessel sunk-Lives Lost.

CAICAGO, Oct. 9 .- The schooner Forfar sunk off Muskegum, Michigan, yesterday, and four persons, whose names are unknown, were

STOVES, TINWARE, de.

THE GREAT DIAMOND REATER. This magnificent Stove stands in the same reation to other stoves as the precious jewel from which it derives its name does to other jewels. Profiting by past experience, we have thrown into it all the commendable qualities of the most popular Stoves, and have added inventions of our own, rendering it the best combination of philosophy and mechanics now in the market, and making it a perfect stove. By the arrangement the combustion of gasses is perfect, and greater efficiency is obtained to perform what we claim for it, with a great diminution in amount of fuel necessary. It is unequalled in every particular, in beauty, in workmanship, in durability, and as a home necessity is peerless. It is a self-feeder, and not likely to get out of order. We earnestly invite comparison of this stove with others, and feel confident its great superiority will insure the preference. This handsome and economical stove is for sale by sep 7 ENOCH GRIMES, 43, King st.

QTOVES! STOVES!

PARLOR ORGANS!
Having removed to 197, King street, above Washington, I wish to call the attention of perons in need of PIANOS, ORGANS, MELODEONS, &c.,

to my stock of the above instruments, which I offer for sale on the most accommodating terms. Having practical experience of more than 10 years in this business, I am able to judge of the qualities of Pianos, and to offer for sale none but those of reliable makers, such as KNABE & CO., Baltimore. WM. HEINEKAMP, Baltimore.

JAMES W. VOSE, Boston, and others. Also, good second-hand instruments for sale Pianos, Organs, Accordeons, and all musical instruments tuned and repaired with the great-

I offer for sale one of William Heinekamp's splendid 7 oct. Rosewood Pianos, with carved egs, and all the latest improvements. The following gentlemen of our town and viinity have given this maker the most flattering recommendations: J. P. Agnew, Alexandria; Dr. W. A. Herndon, Mr. Nathan Pen-Iria; Dr. W. A. Hornach, thouse, ck, both at Culpeper Court House.
V. BECKER.

DOR WHEAT.

MAPES NITROGENIZED SUPER-PHOSomposed of only Bones and Bird Guano, disolved in sulphuric acid, and fermented with Fish Guano (containing 12 percent, of Amonia), all being reduced by fermentation and sulphuri acid to a Fine Powder. Contains no insoluble mineral Phosphates, but is all available to the

This soluble fertilizer shows by analysis the presence of 15 per cent. Soluble Phosphates, 39 per cent. Bone Phosphates, and animal matter yielding 4 per cent. of Ammonia-being identical in composition, solubility, and availability to crops with the best mixture that can be made of one part Peruvian and three parts Flour of Bone, treated with sulphuric acid. The saving to the farmer in the cost of Mapes' Super-Phosphate

over that of the mixture, is \$15 per ton.
The Mapes' Super-Phosphate of Lime Company, being engaged in the manufacture of fish oil, are enabled not only to obtain large supplies of animal Ammoniacal material from the lish at low cost, but also to avail themselves of the economical process of fermentation, by the combination of the fresh animal matter with the Bones and Bird Guano, previously treated with acid in reducing their fertilizer to soluble form, and are thereby able to furnish a quickly-acting Soluble Ammoniated Super-Phosphate at no nigher rates than charged for ordinary Super-Phosphates containing a large amount of insoluole mineral Guano.

phate has produced as early, vigorous growth, and more permanent effects, than Peruvian Guano. Like Barn-Yard Manure, when used on seeded down land, produces after the grain luxuriant crops of grass.

Send for descriptive pamphlet on culture of Wheat and its requirements, analysis of Mapes' Super-Phosphate by Prof. Gilham, of Richmond, S. Dana Hayes, of Boston, and other prominent
